

25th June

Dear Don,

The Embassy (Mortin Hertz) is very upset over the invitation to Chan plus the open commercial cable to me mentioning them for clearance.

I and VAM have been ordered "out" of it by Ambassador Colby.

The political section is going to communicate to Rand on the matter.

So, your invitation to Chan is dead as far as I can determine.

Chan has called to ask me if he is invited. I'm stalling. The Embassy regards him as a hot potato.

Regards
E
